**How to Set Up Wi-Fi Monitoring For
Your Goodwe Inverter**

Set Up Wifi Monitoring For Your Goodwe Inverter

1. Power on the inverter. The Power light should be double blinking if WIFI has not already been set up.
2. Note the inverter serial number and check code from the label on the right side of the inverter.
3. Power Wi-Fi router on;
4. Search for the keyword "SEMS Portal" from Google Play Store or Apple App Store, download and install the latest version of the monitoring software for free.
5. As app keeps updating always, please visit latest version guide doc: <http://en.goodwe.com/Public/Home/Wi-Fi Connection Guide.pdf>
6. Click 'WiFi' Configuration' in login page.
7. Power on Inverter, then click'Next'.

8. Click 'Go into WLAN setting interface'.

9. Connect to Solar-WiFi(password: 12345678) back to App.

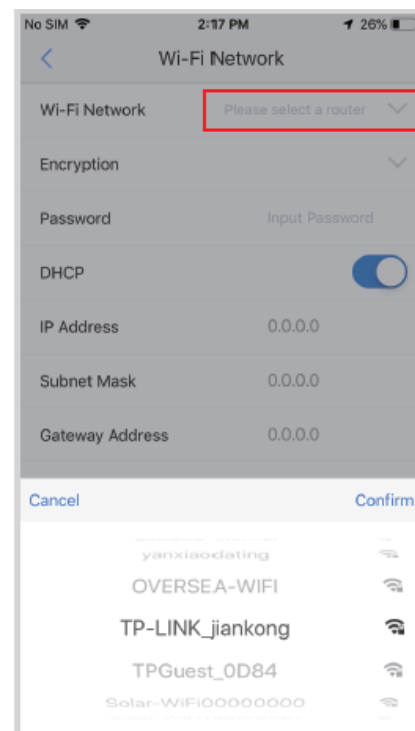

10. Click 'next'.

11. Select your WiFi network.

12. Enter your password and click 'Set'

13. Click 'OK'

14. If it fails, you can 'Reconfigure' or view 'Configuration help'.

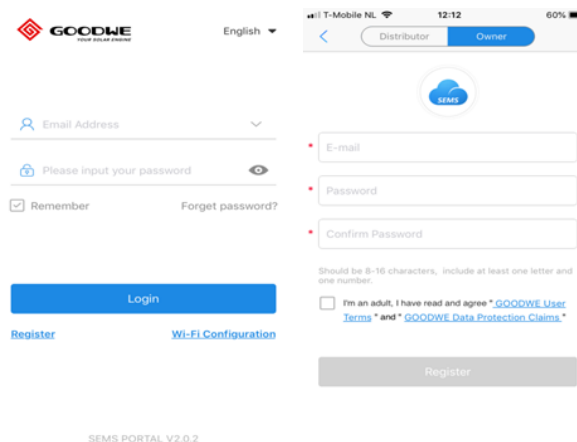

Set Up Goodwe App

Please download the Goodwe APP: SEMS Portal on your smart phone or tablet in advance.

1. Click Register for creating the account > Select Owner and type in the E-mail together with password.

2. Tap Register > Submit to log in the account > create immediately to add the station.

3. Type in the basic info about your plant.

4. * Plant Name: the station you want to name

5. * Classification: select from residential, commercial or battery storage

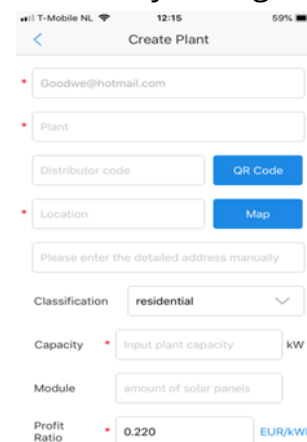

6. * Capacity: the solar system size

7. * Profit Ratio: the feed in tariff

8. * Click Map to locate your place

9. Push Submit.

10. SEMS will enquire for adding the inverter info to this created station, tap immediately add.

11. Customer who has actived the camera feature on APP can scan the bar code on right side of inverter to add inverter info automatically.

12. Customer whose APP does not active the camera can manually type in the inverter info (S/N, check code and inverter mode which can be found on label of right side of inverter). Then click Add Inverter then the portal registration finished.
